

Put the “PRO” in Project Management

Bring the power of the project management skills to your department. It will build your teams confidence to tackle larger scale projects, and increase your overall productivity.

Skillsoft offers over 30 self-paced project management courses your team can take advantage of at no-cost to your department, including:

Project Management Basics

These courses cover key project management concepts and provides information about the variables that can influence project outcomes, as well as product life cycles and project phases.

- Project Fundamentals – 51-minutes
- Project Management Introduction – 63-minutes
- Project Initiation & Planning – 71-minutes

Mentoring Opportunities

Skillsoft Mentors are available to help students prepare for the CAPM and PMP certification exam. Employees can reach mentors using Skillsoft’s Mentored Chat feature or by using the Email My Mentor service.

- Mentoring Certified Associate in Project Management (CAPM)
- Mentoring Project Management Professional (PMP)

Test Prep

Test prep for the CAPM and PMP certification exams is designed to maximize learning by not only testing your employees’ knowledge of the material within a structured testing environment, but also by providing valuable feedback at the end of the test.

- Certified Associate in Project Management (CAPM) – 3-hours
- Project Management Professional (PMP) – 4-hours
